ABOUT ME

I am a dedicated Computer Science and Engineering graduate passionate about coding and solving complex problems. I am eager to apply my skills in a dynamic environment where I can contribute to innovative software solutions and continue learning and growing.

EDUCATION

- 2020-2024** • College of Engineering and Management Punnapra
BTech in Computer Science and Engineering
CGPA : 9.13 (First Class with Distinction)
- 2018-2020** • Holy Trinity Vidhyabhavan Karthikappally Alappuzha Kerala
12th passed
89.8%
- 2018** • Holy Trinity Vidhyabhavan Karthikappally Alappuzha Kerala
10th passed
89.8%

SKILLS

Programming

- Python3(Django)
- Frontend (HTML, CSS, Bootstrap, React JS, JavaScript)
- WordPress, SEO
- JAVA
- SQL (MySQL)

Soft-Skills

- Communication
- Time Management
- Problem solving
- Team worker
- Continuous learner

PROJECTS

Portfolio

I have designed my own website that showcase my diverse skill set, projects, and achievements. I've created it using HTML, CSS, JavaScript.

(<https://bhagyaunnikrishnan.in>)

AIDCAM

Developed an object detection model using latest YoloV8 by Ultralytics , detecting road accidents and created a Django-based website. The system alerts and send messages using Twilio to notify responsible authorities.

Grocery Store Management System

Developed a comprehensive store management system project using Django and sqlite3.

PrepPortal

Developed an innovative AI-Driven educational platform utilizing T5 Transformers and Unsupervised Keyword Extraction Algorithms for dynamic quiz question generation and assessment, including MCQ's, Fill-in-the-blanks, and True/False formats. The website is made using React, Next JS, Flask.

Todo App

A fully functional To-do App with login, user registration, and user friendly UI/UX made using Django.

ACHIEVEMENTS & AWARDS

- Attained the highest ranking in the second, third, fourth, sixth, seventh and eighth semesters of my B.Tech engineering program.
- Guided and mentored a cohort of students in web development at Pygrammars and Gtech Mulearn.
- Completed Google cloud Arccade Facilitator Program ultimate milestone.
- Achieved the certification from Google for completing the course on Introduction to Git and GitHub via Coursera.
- Achieved the certification from KIMB for completing the course on Cyber Security.

COURSES

2021	Git and Git Hub, Coursera	Online
2023	Javascript Algorithms and Data Structures, FreeCodecamp	Online
2023	Python, CodeChef	Online
2024	Meta Front-End Developer, Coursera	Online

LANGUAGES

English Professional proficiency
Malayalam Native proficiency
